# Elections & Boundaries Department checking Oceana's referendum signatures

By Rowland A. Parks  
Staff Reporter

With municipal elec- tions set for March and Prime Minister Dean Barrow's announcement that he will call General Elections this year, the pace of work has picked up noticeably for the staff of the Elections and Boundaries Department, who are even working over the weekends.

But the weekend grind of the Elections and Boundaries Depart-

ment staff also has to do with the referendum process triggered by the non-government organi- zation, Oceana.

Chief Elections Of- ficer Josephine Tamai told *The Reporter* her officers are hard at work verifying the ten percent signatures that Oceana collected and which the Governor General's of- fice passed to her depart- ment.

The department, she explained, has to go through each and every signature submitted on

December 9. They have up to February 9 to com- plete the exercise.

Once that has been ac- complished, the depart- ment will then send the results back to the Gov- ernor General, who, by the law, has one month to decide if he will issue the Writ of Referendum.

She also said her de- partment had not re- ceived the earlier peti- tion sent to the Govern- or General by Friends of Belize to trigger a referendum on the 9th Amendment.
